AUSTRIA BREAKS RELATIONS WITH THE UNITED STATES

Government Representative Zwiedinek Calls at State Department and Asks for His Passports

DOESN'T MEAN WAR, HOWEVER

No Change in Status of Germany's Other Allies, Turkey and Bulgaria, is Stated

MAY FOLLOW AUSTRIA THOUGH

Austrian Charge Says Order for His Action Was Issued Sunday by His Government

(By United Press.)

Washington, April 9.—Austria formally broke relations with the United States today. The Austrian charge Zwiedinek called at the state department and asked for his passports.

Sweden will assume charge of Austria's affairs in this country. The state department will probably communicate the latest developments to congress outlining the course considered.

Zwiedinek informed the state department that the order for his action was issued yesterday. It was pointed out that breaking of relations with that country did not place the United States at war. The situation is parallel with America's break with Germany before President Wilson's armed neutrality plan was adopted.

There has been no change in the status of Germany's other allies, Turkey and Bulgaria. They may, however, follow Austria's lead.

SENATE PASSES BILL AIMED AT WAR PLOTS

Destruction of War Materials Will be Punished With 30-Year Sentence and \$10,000 Fine

SUBMARINE BASE IN PANAMA

(By United Press.)

Washington, April 9.—Without discussion, a bill providing for punishment for destruction of war materials, was passed by the senate today. It was the first legislation aimed at plotters. It carried a fine of \$10,000 and 30 years in prison.

With request for prompt action from Secretary of War Baker a bill appropriating \$1,573,000 for the establishment of a submarine base at Panama was submitted to the senate.

The general army bill carrying appropriations of \$278,000,000 for the maintenance of the regular army was reported to the senate. Senator Chamberlain asked immediate consideration. A part of this

CONFER WITH ZIMMERMANN

A. B. C. Diplomats Action Forecasts Rupture With Germany

(By United Press.)

The Hague, April 9.—Ministers in Berlin for Argentine, Brazil and Chili held an hour's conference with German foreign secretary Zimmermann on Sunday, dispatches from the German capital today declared.

It was rumored that this action forecasted a rupture with Germany by united action by these three powerful South American nations.

appropriation is for the aero squadron.

A bill authorizing the government to operate all wireless stations was introduced in the house at the request of Secretary Daniels.

An increase of \$1,400,000 for the coast guard and enlargement in the militia contained in the sundry civil bill was reported favorably in the senate.

GERMANS PREPARE TO LEAVE BRAZIL

Announcement of Government's Decision Against Berlin is Momentarily Expected

THREE AVENUES ARE OPEN

(By United Press.)

Rio De Janeiro, April 9.—Thousands of Germans were preparing to leave Brazil today, with announcement of the government's decision against Berlin momentarily expected.

It was apparent that despite public demonstrations in favor of war, the government is exceedingly reluctant to sanction such a move. Practically every paper is urging the government to declare war.

Three courses are believed to be open to Brazil:

A break in relations; confiscation of all German vessels in Brazil or a declaration of war.

The declaration of war by the United States had a tremendous effect here. There has been a revival of Pan-American sentiment and unity of action is urged with the United States because of the interest in common between the two countries.

UNIVERSAL TRAINING IS DISCUSSED TODAY

Three Members of House Military Affairs Committee Are Found to be Bitterly Opposed

DEBATE SENDING MEN ABROAD

(By United Press.)

Washington, April 9.—The question of whether an army would be sent to Europe and the proposition of universal military training, was discussed at the executive session of the house military affairs committee this afternoon. The two matters will come up again tomorrow.

The administration bill was taken up. There were at least three members bitterly opposed to any kind of universal military training or draft system.

MASONIC MEETING

Phoenix lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening at 7:30. A good attendance is desired.

TAKES OVER ALL WIRELESS

Government Completes Task of Assuming Charge of Stations

(By United Press.)

Washington, April 9.—The navy department has completed the task of taking over all commercial wireless stations in the United States and its possessions.

In all fifty-six wireless stations heretofore used for commercial purposes are now under complete control of the United States navy.

The navy department is now engaging in closing and dismantling all private and amateur wireless stations.

ENLIST IN GARDEN ARMY WILL BE NEXT

Governor Goodrich Has in Mind Mobilization of Spare Hours of Men Between 25 and 60 Years

FOOD PRODUCTION SERVICE

Conference of Indiana Mayors Called for Wednesday to Consider This and Other Problems

"Enlist in the garden army."

That will soon be the watchword. Every man who is too old to go to war or will not be called upon to go because of responsibilities at home will have an equal opportunity to serve his country at home, according to present indications.

Governor Goodrich has called a conference of Indiana mayors to meet at the state house Wednesday for the purpose of considering plans to mobilize the food resources of the state and to till the unused and waste land of the state.

It is announced that the governor considers a mobilization of the spare hours of men between twenty-five and sixty years of age. If this is done he will also call for the mobilization of all vacant land in the state, especially the vacant land lying in larger tracts and undeveloped parks around towns and cities.

The call that he has in mind to make on all men between the ages of twenty-five and sixty is for volunteer service.

HUNT GETS FIRST NAVAL APPLICATION

Postmaster Makes No Effort to Find Navy Recruits but Helps Out Proposed Local Company

TO DONATE FEE TO RECRUIT

Postmaster G. P. Hunt has sent to Indianapolis the application papers for his naval recruit. He will not know for a day or two whether the applicant will be accepted.

Every postmaster in the United States is a recruiting agent for the navy. Postmaster Hunt has had opportunity to get a few recruits but he has been endeavoring to help out the proposed Rush county company of the national guard and has been instrumental in recruiting several members of that organization. The postmasters are allowed a fee of five dollars for every naval recruit, but Postmaster Hunt announced when the order was first issued that he would donate his fee to the recruit.

"I know how big five dollars looks to a recruit," he said, "because I have been through it myself. (Postmaster Hunt was in the Spanish-American war.) Other postmasters have been making big money at it. A woman postmistress down in South Carolina sent in sixty recruits in as many days."

COMMITTEE TO MEET SATURDAY

Organization Perfected at Crop Meeting Will Hold Another Session and Prepare Plans

ONE SUGGESTION APPROVED

That Government Discontinue Manufacture of Alcoholic Drinks Meets With Approval

The executive committee and the township chairmen of the organization perfected Saturday to increase the food supply in Rush county will meet next Saturday afternoon in the office of County Superintendent C. M. George. Mr. George is chairman of the executive committee.

At this meeting further plans will be made for an increased production of all crops in this county as outlined at the meeting last Saturday. Other speakers at the meeting were Judge Douglas Morris and Owen L. Carr. Mr. Carr offered a suggestion that was considered timely by many. He suggested that the federal government discontinue the manufacture of alcoholic drinks pointing out that the grain used should be conserved for the food supply. The idea took well with the audience.

The organization perfected late Saturday afternoon consists of an executive committee composed of C. M. George, William Harton, L. B. Miller, Will Jay, Jesse A. Leisure and A. J. Winslip. A township chairman was appointed for each township and the townships are to organize with the chairmen at the head of the organization. These committees will get together and make estimates and secure data for the state and government.

The township chairmen appointed were: Rushville, D. C. Buell; Ripley, Ed Adkins; Union, William R. Martin; Center, Charles Trowship; Washington, Edson L. Aiken; Anderson, Herman Miller; Posey, Elmer Hutchinson; Walker, E. B. Howden; Orange, David O. Alter; Noble, John F. McKee; Richland, Walter Patton, and Jackson, Oliver Siler.

The resolutions adopted were as follows:

FAVOR ABANDONING STATE CONVENTION

Tri Kappas Here Vote to Donate Money Provided for Bi-Annual Meeting to Red Cross

GRAND COUNCIL TO DECIDE

The Rushville chapter of the Tri Kappa sorority, at its regular meeting Saturday night at the home of Miss Katherine Petry, voted to abandon the biennial state convention which was to be held in Indianapolis the latter part of the month and donate the money which has already been provided by the various chapters of the state to pay the expenses of the convention to the Red Cross.

It was first suggested by one chapter in the state that the dance which is a part of the convention festivities, be done away with and the convention held as usual. Then another chapter offered the suggestion that the convention not be held at all and that the money be given to the Red Cross. This latter suggestion was to be acted upon by all of the chapters at their next regular meeting.

As soon as reports from all the chapters are received, the grand council will decide whether or not the state convention shall be held. It is thought here that a majority of the chapters will vote as the Rushville chapter did.

CULVER DIVISION PLANNED

25,000 Men Who Once Went to Academy Offered to Government

(By United Press.)

Chicago, Ill., April 9.—After a conference with Major General Berry, officers of Culver Military academy announced today that an offer had been made to the army department to recruit a division of 25,000 men. The unit is to be composed of Culver students, alumni and civilians and is to be commanded by Culver graduates if the consent of the war department is assured.

PATRIOTISM WILL BE SHOWN TONIGHT

Whole County Will Participate in a 'Monster Demonstration, Which Includes a Parade

MEETING AT ANNEX AT 7:30

Audience to Sing Patriotic Songs and Hear Address by M. E. Foley—All Should Carry Flag

The auditorium of the Graham Annex school building was being decorated today with American flags in preparation for the county patriotic demonstration which will take place at seven-thirty o'clock tonight.

A parade will form on the public square, and led by the Odd Fellows band, which has donated its services, will march north in Main street to Seventh street and thence east to the school building.

Several fraternal organizations will march in a body and every man, woman and child in the county is urgently requested to get in the line of march and carry a flag.

The first number on the patriotic program at the auditorium will be "The Stars and Stripes Forever," by the high school orchestra. The audience will then sing the national anthem, "The Star Spangled Banner." Following the invocation by the Rev. C. M. Yocum, B. F. Miller will sing, "Tenting Tonight" and Mrs. Carl F. Beher will sing "Battle Hymn of the Republic." Judge Will M. Sparks will preside and introduce M. E. Foley of Indianapolis, the main speaker of the evening. Following the address, the audience will sing "America." The closing number will be the showing of the moving picture, "Paul Revere's Ride," which will be especially appropriate for the occasion.

The weather today was an asset rather than a liability and was expected to increase the size of the crowd materially. The day was warm and clear and the indications were for clear and warmer weather tonight. This means that many people from the smaller towns and farming communities of the county will be here as they have promised to be. Carthage, Milroy, New Salem and Glenwood are among the towns which have said they would send delegations.

Cities all over the state have held big patriotic gatherings and there is no reason why Rushville and Rush county should not show its patriotism and loyalty. This is the main reason why it is believed that the meeting here will be a big one because a wave of patriotism seems to have swept the whole state.

Rushville people who were in Shelbyville Saturday night report that the whole city is aflame with patriotism.

U. R. K. of P. TO TAKE PART

The Uniform Rank, Knights of Pythias, will participate in the patriotic demonstration tonight and all members are urged to be at the armory at seven o'clock in full dress and sidearms.

NEW FACTORY IS ASSURED IN RUSHVILLE

Modern Appliance Company Will be Located Here and Details are Now Being Worked Out

PRESIDENT FALK IN CITY

Declares Today That he is Immensely Pleased With the Prospects in Rushville

NEW BUILDING POSSIBLE

Very Probable That One Will be Erected and Owned by the Company Itself

The Modern Appliance company of Chicago is assured for Rushville. This was announced today when it was found that enough stock had been subscribed.

E. Falk, president of the concern, reached here from Chicago this morning and immediately plans were set on foot to determine on a location and move the factory here.

It is within the scope of possibilities that a new building will be erected for the factory. If this is decided upon, the building will be built by the concern and will be owned by the company. Enough money will be raised by stock sales to pay for the home of the institution and likewise give it a solid foundation for doing business.

Mr. Falk expressed himself as being highly pleased with the prospects in Rushville and said that he was very much impressed with the way Rushville men took hold of the proposition to locate the Modern Appliance company.

"Rushville has all the appearances of being the equal or better than any small town I ever saw," Mr. Falk said this morning. "The main drawback about small towns as factory sites is the absence of skilled labor."

"But Rushville," he continued, "can go right on locating more factories because conditions for factories here will be better than the average town of its size. You have a foundry and wood working establishment. And when we add our toolmaking and enameling departments, factories will not hesitate about coming here because they will see that they can get most anything done they want without having to

COMPANY WILL BE MUSTERED IN SOON

Medical and Mustering Officer of Indiana National Guard Will be in Rushville This Week

RECRUITING WILL CONTINUE

A medical and mustering officer of the Indiana National guard will come here Friday or Saturday of this week to examine the recruits and muster in the local company of the guard. Enough names have been enrolled to make the company a success, but as the full war strength of the company is 150 men, the work of recruiting will continue.

The place where the examination will be held has not been determined. Definite word was received today that the officers would be here to wind up the organization of the company. It is expected that the equipment for the company will be issued just as soon as the mustering in process is completed and then the company will start work drilling.

Apply Your Good Ideas

A good idea that is not put into practice is of no use to anyone. Don't believe it is a good idea to keep up to the minute by reading the advertisements in the Daily Republican and then neglect to do it.

If you fail to put this good idea into execution, you can't help feeling dissatisfied with yourself—especially when you see, too late, that in buying something you have made some mistake, that a little intelligent advertisement reading would have prevented.

To keep yourself informed by means of such newspapers as The Daily Republican is the best idea for practical purchasing.

SCOTT'S DRIVES OUT COLDS SEMULSION

Obituary.

Out among the far golden distances of light where God dwells, there is a place of stillness, and of soft shadows known to immortals as the "Gateway of the Angels." Over its quietude the glowing radiance of the inner Paradise seldom or never beams, yet more than a legion of angels are gathered there together, forever watching, forever waiting while with folded pinions and drooping heads they kneel, a glorious multitude upon the misty verge between earth's time and heavens' eternity—angels whose duty it is to listen for the first warning of a soul's flight from its earthly house, that they may descend and bear it into the realms of peace. And so it happened that when the day had faded into darkness on Feb. 25, 1917, a warning note was sounded and a silent messenger came into our midst and bore into the presence of the waiting multitude, the soul of John H. Gray.

He was born in Union township, Rush county, Indiana, Nov. 9, 1859, having reached the age of 57 years, 3 months and 15 days.

He was the eldest son of James and Martha Gray. The loving parents reared him to a manhood of nobility, then true to instincts of his high character, one of his greatest desire was to remain true to them.

On Feb. 13, 1884 he was united in marriage to Miss Marving Bell. Two daughters blest this union, both of whom with his loving companion are left to feel the sting of his absence. They are Lena Meyer and Mary Bishop. He also leaves to mourn his loss two little grandsons Robert and William Meyer, his aged parents, Mr. and Mrs. Jas Gray, four brothers William, Andy, Vincent and Cary Gray and three sisters, Mrs. J. G. Harmah, Mrs. Hugh Beaver and Mrs. Ora Stephens.

Besides a countless host of relatives and friends.

Three years ago a heart disease began to tell its story on his life and when on the morning of Feb. 19, he was stricken with pneumonia, his physical strength was not strong enough to battle with its adversities and after seven days of intense suffering he was snatched away from his loved ones into a world of peace.

The presence of his grandchildren was a constant joy to him, the confidence he placed in his daughters was a source of satisfaction; the pleasures he derived from the many visits to the home of aged parents, and the aged parents, and the loving care of his faithful companion gave him daily happiness and it seems there was nothing could have filled his last days with more quiet enjoyment.

Exceedingly patient to the last he planned for his going away in the calmest manner and his crossing of life was much as the poet puts it in these beautiful lines.

"Sunset and evening star
And one clear call for me!
And may there be no moaning of the bar
When I put out to sea;

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out
the boundless deep.

Turns again home.

Twilight and evening bell,
And after that, the dark,
And may there be no sadness of farewell
When I embark;

For, the from out our borne of Time
and Place,
The flood may bear me far,
I hope to see my Pilot face to face.
When I have crossed the bar."

NEW FACTORY ASSURED FOR RUSHVILLE NOW

Continued from Page 1.
go elsewhere for it."

Mr. Falk also said that a good printing establishment such as the Republican company is was an asset to any town which wants to attract factories because it fills one of the needs of the average business. He said there was no reason why more factories should not come to Rushville without any great effort on the part of Rushville.

The positive assurance that the Modern Appliance company will be located here marks the end of a very brief campaign to bring this particular factory here. There has been some agitation for several months headed by John Crowley, to stir up Rushville industrially and that it has succeeded is everywhere admitted.

The prospects of the Modern Appliance company are great and those who have assisted in bringing the institution to Rushville feel that will be the beginning of a new industrial awakening in Rushville. Definite plans as to what will be done in regard to the location of the factory, whether a new building will be erected or an old one remodeled, and other details may be arranged by tomorrow.

WEATHER FOR WEEK

Washington, April 9.—Unsettled conditions with rains are indicated for the beginning of the week, followed by fair weather until about Thursday or Friday, when rains are again probable. The first part of the week will be cool, but it will be warmer after Tuesday.

EASTER PARADE IS "NIPPED IN THE BUD"

Blizzard Causes All Preparations for "Big Show" to Come to Naught—Snow Falls All Day

SPECIAL SERVICES HELD

The Easter parade was "nipped in the bud" yesterday by a blizzard that made Easter look more like Christmas than the eighth day of April. Those who ventured forth in their Easter togs will live to rue the act because a chill east wind bore in a snowstorm that did credit to anything that winter offered.

Regardless of the weather, the Easter programs at all of the churches were carried out. Not a Sunday school or church service in the whole city was without its Easter music. The most pretentious of the lot was a Vesper service at the First Presbyterian church Sunday afternoon from four to five o'clock, in which the leading musicians of all churches had a part.

The Knights Templar observed their annual custom of appearing in dress uniform. They marched to St. Paul's M. E. church in a body and heard a sermon by the Rev. W. M. Whitsitt.

NAME OFFICIALS FOR ROAD BUILDING

County Commissioners Appoint William Bainbridge Superintendent of Capp Highway.

NAME MANY SETS OF VIEWERS

Considerable road business was transacted Saturday afternoon by the county commissioners. William Bainbridge was appointed superintendent for the Frank M. Capp road and filed his bond. Charles Addison was appointed superintendent for the Addison road in Ripley township.

Several sets of viewers were appointed. Thomas A. Jones and Edson L. Aiken were named viewers for the Robert Holt road; Monet O. Sefton and George Myers, viewers for the Chester Cross road; and S. B. Anderson and Edward O. George, viewers for the T. L. Beher road. County Surveyor Catt was named as engineer for all of the roads. Emory J. Power was appointed superintendent of the L. M. Carr road.

WIFE THROWS LYE IN HUSBAND'S FACE

Orville Bartlett May Lost Sight of Right Eye as Result of Domestic Trouble

HIS FACE IS SLIGHTLY BURNED

Orville Bartlett may lose the sight of his right eye as a result of domestic trouble occurring at his home in North Oliver street late Saturday afternoon, ending by his wife throwing a can of concentrated lye in his face, some of the lye lodging in his eye. His face was slightly burned but the most serious injury resulted to the eye. Some of the lye got in his eye and it may be some time before it is determined whether the will lose the sight. Bartlett and his wife had quarreled and he was putting on his coat preparing to leave the house. His face was turned to one side, which probably saved the other eye. The injury was quite painful and may yet result seriously.

PHYSICIAN ON TRIAL

(By United Press.)

Ft. Wayne, Ind., April 9.—Dr. John W. McCausland went on trial here today on the charge of having performed a criminal operation on Ida Lawson. The case, which has been hanging fire since last summer, has aroused considerable interest as the physician is well known. The girl, in a dying statement, accused the physician. This is the second time McCausland has stood trial on the charge, having been acquitted four years ago.

STOPS MOVEMENT TO GET FARM LABORERS

Canadian Government Agent, Who Was Here, Ceases Work Because of War Being Declared

HIGH WAGES WERE OFFERED

J. M. McLachlan, an agent of the Canadian government who was here trying to get farm hands to move to Canada, with offers of big wages, has notified the United States district attorney for Indiana, L. Ert Slack, that he will make no further efforts to enlist men for work on the farms of western Canada since this country is at war with Germany.

McLachlan had arranged meetings in all of the principal towns and cities in Indiana and there was every reason to believe that he would have taken many men of military age out of the United States. The Canadian government offered farm laborers from forty to fifty-five dollars a month and promised to provide board for a man and his family up to four free of charge. Furthermore, the government was willing to sign a contract that the laborer should have a tract of 160 acres at the end of a period of years if the man remained on the place. Several here were known to be on the verge of accepting the offer. A meeting had been arranged for the court house assembly room tomorrow but it was called off.

TWO GERMANS HELD

(By United Press.)

Denver, Colo., April 9.—Two Germans, giving their names as Carl Burke and Charles Nelson were arrested following the discovery of what is believed to be a plot of wholesale dynamiting campaign, including the blowing up of the homes of Governor Genter, Adjutant General Baldwin, Police Chief and three public school buildings.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

HOME CRAFT WEEK

Home craft week is not a local affair--It has nation wide observance. Home lovers from end to end of this country recognize this as home craft week.

Have you a room you want to redrapery?

Then call at our Drapery department and note the splendid things we are offering in

One big feature of our Home Craft Week is in practical suggestions for the use of Quaker Laces at your windows—the modern style demand. Our store windows show the latest materials and our Drapery Department displays a splendid range of decorative fabrics at prices to interest everyone.

Now Is The Time To Buy Rugs

All rugs and carpet mills are wholly dependent on foreign markets for the materials that enter into their products and owing to the condition which Germany has forced upon us, all manufacturers will be obliged to increase their prices still higher.

We ask you in justice to yourself to profit by your knowledge and take advantage of the present prices and provide yourself with all the rugs and carpets you need before the prices go still higher.

Use Kirsch Flat Rods

Your windows will be the envy of your neighbors if you use Quaker Lace Curtains draped on Kirsch Flat Rods. Kirsch rods are guaranteed not to sag or tarnish. They are made in any color to match your woodwork or draperies.

It is easy to have attractive window with Kirsch Rods

STOLEN AUTOMOBILE LEFT IN STREET HERE

The open season for stealing automobiles apparently has arrived. Three machines were reported stolen to the police Saturday night and one of the machines was found here.

The machine found here belonged to William Steele, a Fayette county farmer. The machine was found abandoned near the Windsor hotel, in South Morgan street. The machine was left there late Saturday night and when it was still there this morning Glen Miller began an investigation and found that it belonged in Connersville, as the man's groceries were in the car. Steele was expected here this afternoon to claim the machine. It was a Ford.

The police at Newcastle and Richmond reported stolen machines, but no trace of the cars was found here.

Going It Too Hard?

Overwork, worry, overeating and lack of exercise and sleep are responsible for much kidney trouble. If your back aches and the kidneys seem weak, rest up and use Doan's Kidney Pills.

Frank McFarland, 830 W. Tenth street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad off that I could hardly be about. My back was in terrible shape. It ached so severely especially at night, that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were to frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

Just like bringing in the outdoors

The skilful painter can bring into your home the soft, beautiful colors of the big outdoors by decorating your walls and ceilings with Lowe Brothers

Mellotone

—the liquid oil paint that is taking the place of wall paper in modern homes.

MELLOTONE colors are rich and warm. They seem to catch and hold the sunshine. They certainly do brighten things up for the indoor hours.

MELLOTONE is fadeless, washable, long-lasting and sanitary. Ask for a color card showing the soft-as-the-rainbow tints.

Be Loyal Always.

Now that we have taken the plunge, there is but one thing for a loyal citizen of this country to do—stand firmly by his country, whether it be native or adopted. The man who does otherwise is not true either to himself or to the land that shelters, feeds and clothes him.

There were many who honestly thought we should not go to war with Germany. But the great majority of American people thought otherwise. So did the president, and the congress.

Each was clearly entitled to his individual opinion until such time as the matter was definitely settled one way or the other.

But with war actually in existence, with our armies hurrying into the field, with our navy making preparations to sweep the seas, with our young men rushing to the colors, there can be but one path for us to tread—absolute loyalty to our country.

Whatever our beliefs may have been in the past, our country now is at war, and we must support it with our every drop of blood and our every dollar of wealth.

Those who think it will be simply a bluff at war—merely the assembling of an army that will drill for a few months and then go home—will be woefully mistaken.

The United States has been both loath and slow to draw the sword, but once drawn it will never be sheathed until victory is complete and our enemy is no longer able to do us harm.

Show the Flag.

How many American flags are floating to the breeze in this town? There should be more. They should be shown in every home. They should float from every building. They should be in evidence everywhere. It is not seemly that we go

about the streets shouting our Americanism into every ear, but it is proper and right that we show our own colors by displaying the national colors. And the largest flag of all should be proudly flown from the municipal building.

War is hell, but now that we are into it we must do our best to make it hell for the other fellow.

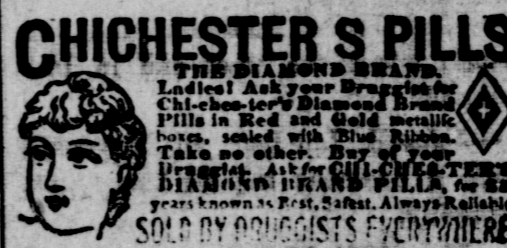

a strong plea to the farmers of the and therefore, they are going down again.

With Long Island cucumbers selling at \$3.00 a thousand it is cheaper for the natives to get pickled than it is to eat pickles.

Splash! We're in it at last.

Your conscience will tell you are doing wrong—provided you have a conscience.

Any galoot can tell you how to manage a wife, but dare few can do it.

Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly throat bleed serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

GREENFIELD CASE IN COURT TODAY

Jury Hears Suit of Greenfield Wood Turning Company Against Greenfield Banking Co.

IVA GARD GRANTED DIVORCE

The case of the Greenfield Wood Turning company against the Greenfield Banking company, sent here on a change of venue from Hancock county was tried in the circuit court today before a jury. The suit is for money had and received, the demand being \$400. There was very little interest locally in the case and no difficulty was had in securing a jury. It was expected the case would reach the jury late today.

Judge Sparks heard his third divorce suit of the day late Saturday afternoon when the case of Iva Gard against Ralph Gard was tried. Mrs. Gard was granted a divorce upon payment of the costs and given the custody of their minor child. The defendant defaulted.

\$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests the name that the judges select as the one best suited for our new remedy, the wonder tonic Tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—as many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 3, 1917.

Mail all suggestions to the Board of Judges, Care of The Santanel Remedies Co., Masonic Temple, Cincinnati, Ohio.

CROP COMMITTEE WILL MEET NEXT SATURDAY

Continued from Page 1.

foliows:

Whereas a state of war exists between United States and the imperial German Government, and

Whereas, the world has a shortage of food products and Whereas the food products will play an important part in the determination of the present world war. Now Therefore be it resolved, by the producers of food of Rush County.

1st. That it is the duty of all producers to produce as much food during the year 1917 as possible, and it is the sense of this meeting that waste places in Rush County be cultivated and that this county shall during the present year produce more hogs, cattle, sheep, corn, wheat, oats and vegetables than it has ever done heretofore.

2nd. That it is the duty of all citizens of the County to assist in the cultivation of all crops and to care for all stock that it is possible to care for during said year, and to this end we recommend that the farmers of this County co-operate with his neighbors in order that the corn and oats crop may be put in in good time and condition and with proper cultivation of the corn throughout the season.

3rd. That the boys and men in the county, not in military service and not otherwise profitably employed should be urged to assist in the producing of the crops during this season.

4th. That the people in the towns and cities of the County be urged to cultivate all vacant lots.

5th. That all farmers, bankers, grain men, dairy men and truck men be urged to co-operate with one another and assist one another in producing food stuffs for the year 1917, not only for the remuneration they may receive, but for the benefit of the state and nation, in order that the world's war may be speedily terminated.

6th. That the people of Rush County owe it to themselves and to the country to pursue a policy of economy and not waste any food stuffs or any material that can be used in the manufacturing of munitions or other necessities.

7th. That the people of Rush County feel that the question of food conservation should be considered by committees in charge so that materials produced and raised in the cities and farms can be utilized to the best possible advantage.

8th. That to crystalize the work of Rush County in accordance with the preceding resolutions, that a county wide organization should be completed which will consist of township committee-men who will organize in each township committees on corn and wheat production, hog production, vegetable production, potato production and any other communities that the executive committee may deem necessary. The township chairman to be appointed by the chairman of this meeting. And further that the executive committee, consisting of five members be appointed by the chairman of this meeting to aid and assist the township committees.

ENLIST IN THE GARDEN WILL BE THE NEXT CALL

Continued from Page 1.

unteer service in food production. He proposes to make it as much a part of the war call for sacrifice and patriotism on the men in the state above the age that will be first called to the colors, as is the call for men to shoulder rifles or to man the big guns.

The plans, as they are beginning to evolve in the governor's minds, contemplate a military organization. If this work is taken up, General Smith probably will be called on to appoint a man to be "general in charge of agricultural mobilization," as one of his chief officers, and recruiting offices will be opened in cities and towns just the same as the recruiting offices for full military service. The mobilization may include all the Purdue professors and other men trained in agricultural production whose positions may become similar to that of colonels, majors and captains in charge of forces.

The form of service to be called for has not been fully worked out, but the volunteer will be called on to be definite in giving his time to public food production and harvest service. He probably will volunteer for

so many hours a week—for Saturday, Wednesday or any other definite afternoons, or for Sunday work. The service probably will be quite as binding on him as for military service. He probably will pledge himself, not only for work on "mobilized land" but for harvest service wherever ordered.

The governor has been running his eye over the maps of Indianapolis, Evansville, Ft. Wayne, Anderson, Brazil and other towns and cities in the state, even to his own typical smaller county seat town. He finds that there are great areas of land that are not in production—that have not been in production for years. This land is represented in unsuccessful additions, and in places left vacant by absentee landlords, or otherwise lying vacant.

He is confident that the estimate that there are 2,000 acres of such land is not low. There are some tracts of large dimensions, running up even to 300 acres in and immediately around Indianapolis. Spring rains which flood some vacant land soon will be passed, and that land will be available for the later crops and the crops that are put in as the season advances.

The farmers of the state need have no fear that such an effort on the part of cities will cut in on their legitimate profits. All the productive world, it seems now, will be at war before the crop season is over and prices will be soaring. Even if war did not exist the situation is such that such steps would probably have been necessary this year.

As to distribution—that will be a matter to be taken up later, and the middleman, commission man and others who have been under more or less strained relations with the public, will be called on then to help shape that policy and give their best services to public welfare.

SENTIMENT AGAINST GERMANS

(By United Press.)

Rio de Janeiro, April 9.—The Brazilian government has requisitioned for government use the entire fleet of a navigation company, together with all their docks. The German and Austrian legations were put under guard. Public excitement is at a high pitch against Germany and apparently favors Brazilian alignment with the United States.

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEP-SINCO.

For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain. She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste-coated tongue and feeling of dizziness. The sight—the odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.

This lady read, as you are doing, of Pepsinco. She heard of Pepsinco. Her friends used Pepsinco and were helped, but she thought Pepsinco was like other stomach remedies, helpful in minor cases only.

She was finally prevailed on to get a small package of Pepsinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.

In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pepsinco is the best preparation to be had for indigestion and kindred ailments.

Pepsinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pepsinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or, we will send a trial package free of charge if you will send your name to The Neure Pharmaceutical Company, Wapakoneta, Ohio.

The Sorosis club meeting has been postponed until next Tuesday afternoon when it will be held with Mrs. Florence Elliot.

Mr. and Mrs. Walter Pearce and daughter, Ruth, were the guest of Mr. and Mrs. Clara Bebout yesterday.

In honor of her birthday, Mrs. Robert Cheek entertained at dinner Sunday, at her home in East Sixth street, Mr. and Mrs. Will Lockridge and son Rollan of Newcastle, Mrs. Rebecca Lockridge of Greensburg, and Byron Wainwright of this city.

Mr. and Mrs. Earl Winship, living south of the city, delightfully entertained at dinner yesterday, Mr. and Mrs. D. D. Dragoo, Mr. and Mrs. George Suess, and the Misses Leah Oneal and Fern Finley. A large bowl of jonquills adorned the center of the table, and Easter decorations added to the beauty of the home.

Mr. and Mrs. Thomas Ertle entertained at Easter dinner yesterday at their home in Union township; Mr. and Mrs. W. B. McDaniel, Mr. and Mrs. George H. Myer, Mr. and Mrs. James L. Hays and Mr. and Mrs. William H. McMillin. Easter lilies were used for table decorations.

Mr. and Mrs. William Knecht entertained with a family dinner yesterday in honor of Jack Knecht's birthday. Easter flowers formed a pretty table decoration. The guests included Mr. and Mrs. Jack Knecht, Francis Knecht, Lawrence Knecht, Miss Mayme Kuntz, Fred Strickler of Connerville and Mr. and Mrs. John Knecht.

The thirty-ninth birthday of Mrs. Lenora McDonald was honored yesterday by a number of her friends, when they gathered at her home in West Jennings street, for a social time. Those present were: Mr. and Mrs. Lewis Pate, Miss Kathleen Joyce, Mr. and Mrs. Henry Hokey of Laurel, Mr. and Mrs. Charles Bever and family of near Clarksburg, Mr. and Mrs. Edward Pate and son Berlin of Milroy, Mrs. William Grinstead and children, Cecil and Virgil of New Salem, Guy Perkins and Carmel McKinney. The table was centered with a large bowl of ferns and carnations.

Social Calendar

Tuesday

Research club of Milroy with Mrs. Leroy Lines.

B. N. Club with Miss Mayme Kuntz, 1122 North Main street.

Shakespeare club, in the public library in the court house, in the evening.

Immaculata Sodality with Miss Helen Black, 533 North Jackson street.

Supper for Edward Frazee class, at 6:30 in the basement of the Christian church.

Ladies Aid society of the Christian church in the parlors of the church, in afternoon.

U. P. Aid society of the U. P. church with Mrs. Kennard, 315 West Second street, in the afternoon.

Methodist Aid society with Mrs. Charles Hugo, 1004 North Morgan street, assisted by Mrs. Arthur Yakey, in afternoon.

Social Committees and officers of the Loyal Daughters Class and Young Men's Circle of the Christian church with Miss Ella Wilson, 210 East Second street, at 7:30.

Mr. and Mrs. Douglas Morris and family had as dinner guests yesterday, Mr. and Mrs. A. L. Gary and Mr. and Mrs. Harvey Allen and family.

Mr. and Mrs. Claude Smith and daughter, Jean Frances, and Miss Hazel Matlock were delightfully entertained at dinner yesterday by Mr. and Mrs. Bert Ormes at their home in East Third street.

Mr. and Mrs. Glen Foster entertained, Mr. and Mrs. Robert Foster and sons Park and Russell of Greensburg, at dinner yesterday. Easter decorations were used on the table.

A delightful time was enjoyed by Mrs. George F. Condon of Boston, Mass., Mrs. Gilbert Meredith of Miami, Fla., Mr. and Mrs. Elsie Hilligoss and daughter Lavonne, Mr. and Mrs. Cass Johnson and family and Claude Hilligoss, yesterday when they were entertained by Mr. and Mrs. Dora Hilligoss, at their home southwest of the city. A splendid three course dinner was served.

Miss Ollie Parrish entertained with an Easter dinner yesterday at her home in North Harrison street, Mr. and Mrs. Hubert Innis and daughter, Esther, of Milroy and Mr. and Mrs. Jake Parrish and son, Paul. Easter decorations predominated throughout the house.

Mr. and Mrs. B. A. Black entertained last evening with a well appointed six o'clock dinner Mr. and Mrs. John McCoy, Mrs. Eva Cressinger, Thomas Saunders, Mrs. Elva Osborne and daughter, Helen, Mr. and Mrs. William Brown, Mr. and Mrs. Charles Caron and daughter, Kathryn, Miss Mary Ellen Carroll, Mr. and Mrs. Will Carroll and daughter Betty, of Plymouth, Ill. The table was decorated with jonquills and Easter favors were given the guests.

A quiet wedding took place Saturday night, when Miss Grace Smyth, daughter of Mr. and Mrs. Charles G. Smyth, and Forrest R. Glidewell, formerly of Milroy were married. The wedding took place at the M. E. parsonage. After the ceremony the wedding party returned to the home of the bride in North Arthur street, where a shower was arranged for the couple. Many beautiful and useful gifts were given them.

Mr. Glidewell is superintendent of the Bell Telephone Co., in Fort Wayne and the couple will make their future home in that city.

CHARLES PHILLIPS OUT ON \$1,000 BOND

Charles Phillips of Arlington was arrested this afternoon on a serious charge filed by Daniel W. Corya, also of Arlington. Phillips was released under \$1,000 bond. The charge against Phillips is the outgrowth of some trouble between the two men not long ago which first resulted in Phillips having Corya arrested for drawing deadly weapons.

Phillips is alleged to have attacked Mrs. Corya and was then run off the place by Corya at the point

Do You Remember?

at a Recital

Given at the United Presbyterian Church Last February 13th when HELEN CLARK and HERMAN SEVELY demonstrated to the audience the close comparison of the NEW EDISON PHONOGRAPH'S reproduction of their splendid music

It was such a comparison that scarcely anyone in the large audience could tell the exact Human Voice or the Strains of Music from the Cello compared with the EDISON reproduction.

That was the ACID TEST

Which no other instrument dare attempt.

Call at Our Store And See For Yourself

Hargrove and Mullin

of a shot gun. At the time Corya was arrested he stated that there was another side of the case and at that time threatened to have Phillips arrested. The affidavit was filed Saturday afternoon and the arrest made today.

—Miss Mary Broadbeck of Los Angeles, Cal., and Robert Murphy of Anderson, both students in Illinois university, visited friends here Saturday afternoon and evening. They motored here and back to Anderson where they are spending the vacation.

—Miss Frances Neutzenhelzer went to Richmond last night for a two weeks' visit with Mr. and Mrs. Jack Stonecipher, formerly of this city.

IF KIDNEYS ACT • BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Springtime's Fashion Store

Stunning Suits Correctly Fashioned

Our suit Department last week was the mecca for discriminating garment buyers. The showing is very complete, embracing a splendid range of fabrics and colors, and we are excellently equipped to fit any style of figure. In our selections we have not sacrificed any of our usual requirements in material and workmanship in order to gain a price, so that in your purchases you are assured a garment well worth the purchase price. There are no better garments made than WOOLTEX. It will be our pleasure to show you.

Coats

Fashioned of all spring's brightest shades along youthful lines, our coats in scores of bewitching models are sure to attract you. Upwards from \$5.00.

Children's Coats

Scores of coats for the miss from 2 to 16 years of age. They possess a style similar to ladies' coats.

Silk Dresses

ANNUAL MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., in Tuesday, April 24th 1917 at 2 o'clock p. m., for the election of Six (6) Directors to serve for one year from that date; and for such other business as may properly come before them at that time.

THEO. H. REED, Sec'y.

Notice of Election.

A meeting of the stockholders of the Rushville Co-operative telephone company, will be held in the assembly room of the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday, April 13th, 1917, for the purpose of electing a board of directors and the transactions of such other business as may come before the meeting.

M. V. SPIVEY, Secretary. Dated Mar. 21, 1917 Rushville, Ind. 7120.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

XI. Onions in the Home Garden.

Onions, like potatoes, are a staple crop that is grown commercially on a very extensive scale. The home gardener, however, may like to have a few early homegrown onions for his table or, if space permits, he may wish to grow enough of later varieties to last his family through the winter. The onion will thrive under a wide range of climatic and soil conditions, but a rich sandy loam containing plenty of humus is best suited to it. As the crop requires shallow cultivation and it may be necessary to resort to hand work in order to keep it free from weeds, it is very desirable that the land should be in such condition that it is easily worked. As a general rule, it is well to have the crop follow some other one that has been kept under the hoe and free from weeds the previous season.

In the North, seed is sown as early in the spring as the soil can be brought to the proper condition. In the South, onion sets are frequently put out in the autumn and carried through the winter with the protection of a little hay or straw. There are three methods of propagating onions; the first, by sowing the seed in rows where the crop is to grow; second, by sowing the seed in specially prepared beds and transplanting the seedlings to the open ground; the third, by planting sets which have been kept through the winter. The first method is used by large commercial growers on account of the amount of labor involved in the others. On small areas, however, it may be preferable to plant sets. Under normal conditions these may usually be obtained at planting time for about \$2.50 a bushel, 8 or 9 bushels required to plant an acre. Onions planted from sets will ripen earlier than those from seed sown in the fields. When the transplanting method is used, the seed is sown in greenhouses, hotbeds, cold frames or specially prepared beds at the rate of 3 1/2 to 4 pounds for each acre to be planted. The seedlings

are transplanted when they are somewhat smaller than a lead pencil and rather stocky. The root end of the seedling is pushed into the soil with one finger and the soil is then firmed about the plant.

The seed is sown thickly in drills about 12 to 14 inches apart. After the plants become established, they are thinned to 2 or 3 inches apart. The maturity of the bulbs may be hastened by preventing the continued growth of the tops. This is sometimes accomplished by rolling an empty barrel over the rows and breaking down the tops. After these are practically dead, the onion bulbs may be pulled up by hand from the soil and spread in a dry, well-ventilated place to cure. Thereafter they may be stored in crates or bags for winter use. In the North, the crop ripens and is harvested during the latter part of the summer and early autumn. In the Southern States where the crop is grown during the winter, the harvesting and marketing period takes place during the spring months.

There are several kinds of onions that may remain in the soil over winter. The multiplier, or potato onion, for example, can be planted from sets in the autumn and will produce excellent green early onions. A large onion of this type contains a number of distinct hearts and, if planted, will produce a number of small onions. On the other hand, a small onion contains but one heart and will produce a large one. A few of the large ones may be planted each year to produce sets for the following year's planting.

The shallot is a variety of small onion that is frequently planted in early spring for its small bulbs, or "cloves," which are used in the same manner as onions. The leaves are utilized for flavoring. Another onion-like plant is the chive, the small round hollow leaves of which are used for flavoring soups. These leaves may be cut freely, as they are soon replaced by others.

Diet, Exercise or Death!

An eminent medical authority writes that most of our city folks die of a thickening of the arteries or of kidney disease. The kidneys become clogged and do not filter the poisons from the blood, and one trouble follows another, high blood pressure damages the heart, arteries and kidneys. Usually its danger signals are headache, pain here or there, swollen feet or ankles, rheumatic twinges or spots appearing before the eyes. "The very best remedy is this: Eat meat but once a day or not at all. Plenty of outdoor exercise, and drink pure water frequently. Before meals take a little Anuric, the great uric acid neutralizer that is easily obtained at the drug store. When you have dizziness, chills or sweating, worry, or dragging pains in back, try this wonderful remedy to uric acid, which Dr. Pierce of Buffalo, N. Y., discovered and named Anuric. Anuric, more potent than lithia, dissolves uric acid as hot water does sugar."

YOUNG GIRLS JUST COMING INTO WOMANHOOD.

Bunker Hill, Ind.—"My mother gave me Dr. Pierce's Favorite Prescription when I was a young girl developing. I think it laid the foundation for my present healthy womanhood and I would never hesitate to recommend it to young girls at this very critical stage of life."—Miss Dossie Webb. Jeffersonville, Ind.—"I have been troubled with woman's trouble for two years and after taking Dr. Pierce's Favorite Prescription I felt much better. I gladly recommend this medicine. I have told many of my friends about it and what it did for me."—Mrs. Lydia Summerville, Route 1. All druggists. Liquid or tablets.

MSR. ANNA STUTTLE DIES SUNDAY NIGHT

Widow of William Stuttle Expires in Andersonville Sunday Night at 11:30

SURVIVED BY TWO SONS

Mrs. Anna Stuttle, 49 years old, a well known resident of Spiceland, died Sunday night at 11:30 o'clock, at the home of her son Ben Stuttle of Andersonville, following a two weeks' illness from rheumatism. While Mrs. Stuttle had been ill her condition was not considered critical and her death came as a shock to a large circle of friends. Mrs. Stuttle was the widow of the late William Stuttle, who died two years ago.

She is survived by two sons, Dorie Stuttle and Ben Stuttle. The funeral services will be conducted at the St. Paul's Methodist church in this city Tuesday afternoon at two o'clock by the Rev. W. M. Whitsitt and burial will take place in East Hill cemetery.

STUDENTS DRILL

Terre Haute, Ind., April 9.—Two hundred students at Rose Polytechnic institute today started drilling on the athletic field in preparation for joining the colors. The students will be called the Rose Poly cadets. Officers for the new company were selected at competitive drills on Saturday. It is probable that most of the boys attending Rose Poly will enlist.

The Band of Workers of the First Presbyterian church will serve a penny supper Tuesday evening April 10th. Supper served at 5 o'clock. 22tf.

SCHOOL TEACHER

Wards Off Nervous Break Down

Alburtis, Pa.—"I am a teacher in the public schools and I got into a very nervous run-down condition. I could not sleep and had no appetite. I was tired all the time. My sister asked me to try Vinol. I did so, and within a week my appetite improved and I could sleep all night and now I feel well and strong."—ROSA M. KELLER, Alburtis, Pa.

We guarantee Vinol, which contains beef and cod liver peptones, iron and manganese peptones, and glycerophosphates for all weakened run-down conditions and for chronic coughs, colds and bronchitis. F. B. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns.—(Adv.)

OFFER SERVICES TO HIS COUNTRY

T. M. Offutt Writes Senator Watson That he Would Like to be of Some Help During War

RED CROSS IF NOTHING ELSE

T. M. Offutt has written the following letter to Senator James E. Watson offering his services to the country:

Dear Jim:—I write you as a personal friend and make this earnest appeal to you, that you will assist me in getting in somewhere to be of service to my country. I came from a family of soldiers, I had three brothers to enlist in '61 and all went through the war. Jim I want to go and my age prevents my enlisting; won't you help me to get in in some capacity?

I want to show my appreciations of the liberties of this the PEER of all NATIONS, (AMERICA.)

Now Jim, I am alone in the world, and have no one that would be dependent on me, and I will consider it the highest honor that this country could bestow upon me to send me in defense of MY FLAG, and MY COUNTRY.

If no other place help me get in the Red Cross, any place they want to send me.

Now Jim, if you will assist me in this I shall owe you a debt of gratitude as lasting as life.

May I at least hear from you.

Very truly Yours,

T. M. OFFUTT.

PREPAREDNESS IS STATE WATCHWORD

Reports Reaching Governor's Office Are That Meetings Were Held in Many Counties

ALL URGED CO-OPERATION

(By United Press.)

Indianapolis, Ind., April 9.—Indiana's agricultural preparedness steps, inaugurated by Gov. Goodrich were being taken in every section of the state today. City residents, as well as farmers, in every county, were being urged to do everything possible to increase this country's food supply by using all available land and by taking additional care to raise large crops by intensive farming on that land under cultivation. Housekeepers were being urged to conserve the food supplies wherever possible and eliminate all waste.

Reports reaching the governor's office today from the meetings held in practically every county in the state, showed that the gatherings were successful and that farmers were ready to give their service to aid their country the "same as the boys who signed the enlistment roll."

Meetings, as suggested by the governor, went into the question of farm labor; procuring of good seed; the increased planting of vegetables, corn, milk and the breeding of more and better cattle and hogs.

Educational campaigns will undoubtedly be conducted in every community of the state urging every family to raise gardens and plant every foot of available garden space.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freestone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right off without pain. He says freestone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freestone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of Americans women will welcome this announcement since the inauguration of the high heels.

FUNERAL OF MILROY MAN HERE TOMORROW

Tim Laughlin Dies of Liver Disease at Age of 63 Years—Five Brothers and Three Sisters.

BORN AND LIVED NEAR MILROY

The funeral services of Tim Laughlin, age sixty-three years, who died at his home in Milroy Saturday afternoon, will be held at the Catholic church here tomorrow morning at nine o'clock and burial will take place in the Catholic cemetery. A disease of the liver was the cause of his death.

Mr. Laughlin was a son of the late John Laughlin and lived all of his life in and near Milroy. He moved to Milroy from Richland township five years ago and had been living with his sister, Miss Margaret Laughlin. He was never married.

He is survived by three sisters and five brothers as follows: Jerry, Dennis and P. O. Laughlin of Elwood, Dan Laughlin of Glenwood, Ed Laughlin of Falmouth, Mrs. Ed Crosby of this city, Mrs. Martha Gould of Buffalo, N. Y., and Miss Margaret Laughlin. He also had one other brother, James Laughlin, the oldest of a family of ten, who died twenty years ago.

Indianapolis, Ind., April 9.—Potatoes will be planted in Riverside park this year as a result of the campaign to use every available acre for food production. Five acres of potatoes will be planted.

Terre Haute—The south side of Terre Haute looked like a battle field when the police finished with their spring drive against stray dogs. No pound is provided in the city and the only way to get rid of the stray pups is to shoot them.

AVERAGE EACH DAY SHOULD BE \$8,542

This Sum Will Have to be Paid Every 24 Hours for Spring Installment to be Collected

ALL URGED TO PAY BY MAIL

With twenty-five days remaining to pay the spring installment of taxes, an average of \$8,542 will have to be paid in every day from now until the first Monday in May if all tax on the duplicate is collected. The duplicate shows a total of \$205,000 to be collected this installment.

The treasurer's office, as in the past, is urging all people with complicated taxes to get into the office early and avoid the rush. The usual warning is also issued to people living in Rushville not to come to the treasurer's office on Saturdays, but to give this day to the farmers. A description of the property with a blank check for the treasurer to fill in the amount, will bring the tax receipt by mail, making it unnecessary even to go to the office to pay the taxes.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

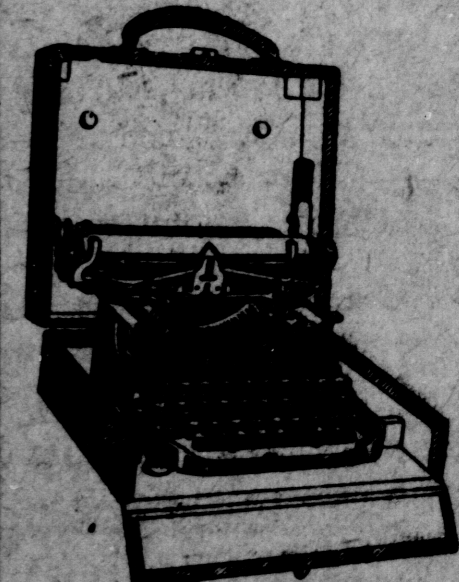

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 15c and 25c per box. All druggists. Take one or two nightly and note the glowing results.

When you meet Corona face to face—you know you've found the writing machine for your private needs.

CORONA

The Personal Writing Machine is here ready to meet you and write for you

Come in and learn of the compact completeness of this 6 pound portable machine.

AUSTRIA BREAKS RELATIONS WITH THE UNITED STATES

Government Representative Zwiedinek Calls at State Department and Asks for His Passports

DOESN'T MEAN WAR, HOWEVER

No Change in Status of Germany's Other Allies, Turkey and Bulgaria, it is Stated

MAY FOLLOW AUSTRIA THOUGH

Austrian Charge Says Order For His Action Was Issued Sunday by His Government

(By United Press.)

Washington, April 9.—Austria formally broke relations with the United States today. The Austrian charge Zwiedinek called at the state department and asked for his passports.

Sweden will assume charge of Austria's affairs in this country. The state department will probably communicate the latest developments to congress outlining the course considered.

Zwiedinek informed the state department that the order for his action was issued yesterday. It was pointed out that breaking of relations with that country did not place the United States at war. The situation is parallel with America's break with Germany before President Wilson's armed neutrality plan was adopted.

There has been no change in the status of Germany's other allies, Turkey and Bulgaria. They may, however, follow Austria's lead.

SENATE PASSES BILL AIMED AT WAR PLOTS

Destruction of War Materials Will be Punished With 30-Year Sentence and \$10,000 Fine

SUBMARINE BASE IN PANAMA

(By United Press.)

Washington, April 9.—Without discussion, a bill providing for punishment for destruction of war materials, was passed by the senate today. It was the first legislation aimed at plotters. It carried a fine of \$10,000 and 30 years in prison.

With request for prompt action from Secretary of War Baker a bill appropriating \$1,573,000 for the establishment of a submarine base at Panama was submitted to the senate.

The general army bill carrying appropriations of \$278,000,000 for the maintenance of the regular army was reported to the senate. Senator Chamberlain asked immediate consideration. A part of this

CONFER WITH ZIMMERMANN

A. B. C. Diplomats Action Forecasts Rupture With Germany

(By United Press.)

The Hague, April 9.—Ministers in Berlin for Argentina, Brazil and Chili held an hour's conference with German foreign secretary Zimmermann on Sunday, dispatches from the German capital today declared.

It was rumored that this action forecasted a rupture with Germany by united action by these three powerful South American nations.

appropriation is for the aero squadron.

A bill authorizing the government to operate all wireless stations was introduced in the house at the request of Secretary Daniels.

An increase of \$1,400,000 for the coast guard and enlargement in the militia contained in the sundry civil bill was reported favorably in the senate.

GERMANS PREPARE TO LEAVE BRAZIL

Announcement of Government's Decision Against Berlin is Momentarily Expected

THREE AVENUES ARE OPEN

(By United Press.)

Rio De Janeiro, April 9.—Thousands of Germans were preparing to leave Brazil today, with announcement of the government's decision against Berlin momentarily expected.

It was apparent that despite public demonstrations in favor of war, the government is exceedingly reluctant to sanction such a move. Practically every paper is urging the government to declare war.

Three courses are believed to be open to Brazil:

A break in relations; confiscation of all German vessels in Brazil or a declaration of war.

The declaration of war by the United States had a tremendous effect here. There has been a revival of Pan-American sentiment and unity of action is urged with the United States because of the interest in common between the two countries.

DEBATE SENDING MEN ABROAD

(By United Press.)

Washington, April 9.—The question of whether an army would be sent to Europe and the proposition of universal military training, was discussed at the executive session of the house military affairs committee this afternoon. The two matters will come up again tomorrow.

The administration bill was taken up. There were at least three members bitterly opposed to any kind of universal military training or draft system.

MASONIC MEETING

Phoenix Lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening at 7:30. A good attendance is

TAKES OVER ALL WIRELESS

Government Completes Task of Assuming Charge of Stations

(By United Press.)

Washington, April 9.—The navy department has completed the task of taking over all commercial wireless stations in the United States and its possessions.

In all fifty-six wireless stations heretofore used for commercial purposes are now under complete control of the United States navy.

The navy department is now engaging in closing and dismantling all private and amateur wireless stations.

ENLIST IN GARDEN ARMY WILL BE NEXT

Governor Goodrich Has in Mind Mobilization of Spare Hours of Men Between 25 and 60 Years

FOOD PRODUCTION SERVICE

Conference of Indiana Mayors Called for Wednesday to Consider This and Other Problems

(By United Press.)

"Enlist in the garden army." That will soon be the watchword. Every man who is too old to go to war or will not be called upon to go because of responsibilities at home will have an equal opportunity to serve his country at home, according to present indications.

Governor Goodrich has called a conference of Indiana mayors to meet at the state house Wednesday for the purpose of considering plans to mobilize the food resources of the state and to till the unused and waste land of the state.

It is announced that the governor considers a mobilization of the spare hours of men between twenty-five and sixty years of age. If this is done he will also call for the mobilization of all vacant land in the state, especially the vacant land lying in larger tracts and undeveloped parks around towns and cities.

The call that he has in mind to make on all men between the ages of twenty-five and sixty is for volunteer food production service.

The resolutions adopted were as follows: That the state should encourage the use of spare time in food production; that the state should encourage the use of vacant land for food production; that the state should encourage the use of vacant land for food production.

HUNT GETS FIRST NAVAL APPLICATION

Postmaster Makes No Effort to Find Navy Recruits but Helps Out Proposed Local Company

TO DONATE FEE TO RECRUIT

Postmaster G. P. Hunt has sent to Indianapolis the application papers for his naval recruit. He will not know for a day or two whether the applicant will be accepted.

Every postmaster in the United States is a recruiting agent for the navy. Postmaster Hunt has had opportunity to get a few recruits but he has been endeavoring to help out the proposed Rush county company of the national guard and has been instrumental in recruiting several members of that organization.

The postmasters are allowed a fee of five dollars for every naval recruit, but Postmaster Hunt announced when the order was first issued that he would donate his fee to the recruit.

"I know how big five dollars looks to a recruit," he said, "because I have been through it myself. (Postmaster Hunt was in the Spanish-American war.) Other postmasters have been making big money at it. A woman postmaster down in South Carolina sent an sixty recruits in a day."

COMMITTEE TO MEET SATURDAY

Organization Perfected at Crop Meeting Will Hold Another Session and Prepare Plans

ONE SUGGESTION APPROVED

That Government Discontinue Manufacture of Alcoholic Drinks Meets With Approval

(By United Press.)

The executive committee and the township chairmen of the organization perfected Saturday to increase the food supply in Rush county will meet next Saturday afternoon in the office of County Superintendent C. M. George. Mr. George is chairman of the executive committee.

At this meeting further plans will be made for an increased production of all crops in this county as outlined at the meeting last Saturday. Other speakers at the meeting were Judge Douglas Morris and Owen L. Carr. Mr. Carr offered a suggestion that was considered timely by many. He suggested that the federal government discontinue the manufacture of alcoholic drinks pointing out that the grain used should be conserved for the food supply. The idea took well with the audience.

The organization perfected late Saturday afternoon consists of an executive committee composed of C. M. George, William Harton, L. B. Miller, Will Jay, Jesse A. Leisure and A. J. Winship. A township chairman was appointed for each township and the townships are to organize with the chairmen at the head of the organization. These committees will get together and make estimates and secure data for the state and government.

The township chairmen appointed were: Rushville, D. C. Buell; Ripley, Ed Adkins; Union, William R. Martin; Center, Charles Trowship; Washington, Edson L. Aiken; Anderson, Herman Miller; Posey, Elmer Hutchinson; Walker, E. B. Howden; Orange, David O. Alter; Noble, John F. McKee; Richland, Walter Patton, and Jackson, Oliver Siler.

The resolutions adopted were as follows: That the state should encourage the use of spare time in food production; that the state should encourage the use of vacant land for food production; that the state should encourage the use of vacant land for food production.

FAVOR ABANDONING STATE CONVENTION

Tri Kappas Here Vote to Donate Money Provided for Bi-Annual Meeting to Red Cross

GRAND COUNCIL TO DECIDE

The Rushville chapter of the Tri Kappa sorority, at its regular meeting Saturday night at the home of Miss Katherine Petry, voted to abandon the biennial state convention which was to be held in Indianapolis the latter part of the month and donate the money which has already been provided by the various chapters of the state to pay the expenses of the convention to the Red Cross.

It was first suggested by one chapter in the state that the dance which is a part of the convention festivities, be done away with and the convention held as usual. Then another chapter offered the suggestion that the convention not be held at all and that the money be given to the Red Cross. This latter suggestion was to be acted upon by all of the chapters at their next regular meeting.

As soon as reports from all the chapters are received, the grand council will decide whether or not the state convention shall be held. It is thought here that a majority of the chapters will vote for the Red Cross.

CULVER DIVISION PLANNED

25,000 Men Who Once Went to Academy Offered to Government

(By United Press.)

Chicago, Ill., April 9.—After a conferece with Major General Berry, officers of Culver Military academy announced today that an offer had been made to the army department to recruit a division of 25,000 men. The unit is to be composed of Culver students, alumni and civilians and is to be commanded by Culver graduates if the consent of the war department is assured.

PATRIOTISM WILL BE SHOWN TONIGHT

Whole County Will Participate in a Monster Demonstration, Which Includes a Parade

MEETING AT ANNEX AT 7:30

Audience to Sing Patriotic Songs and Hear Address by M. E. Foley—All Should Carry Flag

The auditorium of the Graham Annex school building was being decorated today with American flags in preparation for the county patriotic demonstration which will take place at seven-thirty o'clock tonight.

A parade will form on the public square, and led by the Odd Fellows band, which has donated its services, will march north in Main street to Seventh street and thence east to the school building.

Several fraternal organizations will march in a body and every man, woman and child in the county is urged to get in the line of march and carry a flag.

The first number on the patriotic program at the auditorium will be "The Stars and Stripes Forever," by the high school orchestra. The audience will then sing the national anthem, "The Star Spangled Banner." Following the invocation by the Rev. C. M. Yocum, B. F. Miller will sing, "Tenting Tonight" and Mrs. Carl F. Behr will sing "Battle Hymn of the Republic." Judge Will M. Sparks will preside and introduce M. E. Foley of Indianapolis, the main speaker of the evening. Following the address, the audience will sing "America." The closing number will be the showing of the moving picture, "Paul Revere's Ride," which will be especially appropriate for the occasion.

The weather today was an asset rather than a liability and was expected to increase the size of the crowd materially. The day was warm and clear and the indications were for clear and warmer weather tonight. This means that many people from the smaller towns and farming communities of the county will be here as they have promised to be. Carthage, Milroy, New Salem and Glenwood are among the towns which have said they would send delegations.

Cities all over the state have held big patriotic gatherings and there is no reason why Rushville and Rush county should not show its patriotism and loyalty. This is the main reason why it is believed that the meeting here will be a big one because a wave of patriotism seems to have swept the whole state.

Rushville people who were in Shelbyville Saturday night report that the whole city is aflame with patriotism.

U. R. K. of P. TO TAKE PART

The Uniform Rank, Knights of Pythias, will participate in the patriotic demonstration tonight and all members are urged to be at the armory at seven-thirty o'clock in full dress and carrying flags.

NEW FACTORY IS ASSURED IN RUSHVILLE

Modern Appliance Company Will be Located Here and Details are Now Being Worked Out

PRESIDENT FALK IN CITY

Declares Today That he is Immensely Pleased With the Prospects in Rushville

NEW BUILDING POSSIBLE

Very Probable That One Will be Erected and Owned by the Company Itself

The Modern Appliance company of Chicago is assured for Rushville. This was announced today when it was found that enough stock had been subscribed.

E. Falk, president of the concern, reached here from Chicago this morning and immediately plans were set on foot to determine on a location and move the factory here.

It is within the scope of possibilities that a new building will be erected for the factory. If this is decided upon, the building will be built by the concern and will be owned by the company. Enough money will be raised by stock sales to pay for the home of the installation and likewise give it a solid foundation for doing business.

Mr. Falk expressed himself as being highly pleased with the prospects in Rushville and said that he was very much impressed with the way Rushville men took hold of the proposition to locate the Modern Appliance company.

"Rushville has all the appearances of being the equal or better than any small town I ever saw," Mr. Falk said this morning. "The main drawback about small towns as factory sites is the absence of skilled labor."

"But Rushville," he continued, "can go right on locating more factories because conditions for factories here will be better than the average town of its size. You have a foundry and wood working establishment. And when we add our toolmaking and enameling departments, factories will not hesitate about coming here because they will see that they can get most anything done they want without having to

COMPANY WILL BE MUSTERED IN SOON

Medical and Mustering Officer of Indiana National Guard Will be in Rushville This Week

RECRUITING WILL CONTINUE

A medical and mustering officer of the Indiana National guard will come here Friday or Saturday of this week to examine the recruits and muster in the local company of the guard. Enough names have been enrolled to make the company a success, but as the full war strength of the company is 150 men, the work of recruiting will continue.

The place where the examination will be held has not been determined. Definite word was received today that the officers would be here to wind up the organization of the company. It is expected that the equipment for the company will be issued just as soon as the mustering process is completed and then the company will start work on its new factory.

Apply Your Good Ideas

A good idea that is not put into practice is of no use to anyone. Don't believe it is a good idea to keep up to the minute by reading the advertisements in the Daily Republican and then neglect to do it.

If you fail to put this good idea into execution, you can't help feeling dissatisfied with yourself—especially when you see, too late, that in buying something you have made some mistake, that a little intelligent advertisement reading would have prevented.

To keep yourself informed by means of such newspapers as The Daily Republican is the best idea for practical purchasing.

SCOTT'S DRIVES OUT COLDS SEMULSION

Obituary.

Out among the far golden distances of light where God dwells, there is a place of stillness, and of soft shadows known to immortals as the "Gateway of the Angels." Over its quietude the glowing radiance of the inner Paradise seldom or never beams, yet more than a legion of angels are gathered there together, forever watching, forever waiting while with folded pinions and drooping heads they kneel, a glorious multitude upon the misty verge between earth's time and heavens' eternity—angels whose duty it is to listen for the first warning of a soul's flight from its earthly house, that they may descend and bear it into the realms of peace. And so it happened that when the day had faded into darkness on Feb. 25, 1917, a warning note was sounded and a silent messenger came into our midst and bore into the presence of the waiting multitude, the soul of John H. Gray.

He was born in Union township, Rush county, Indiana, Nov. 9, 1839, having reached the age of 57 years, 3 months and 15 days.

He was the eldest son of James and Martha Gray. The loving parents reared him to a manhood of nobility, then true to instincts of his high character, one of his greatest desire was to remain true to them.

On Feb. 13, 1884 he was united in marriage to Miss Marving Bell. Two daughters blessed this union, both of whom with his loving companion are left to feel the sting of his absence. They are Lena Meyer and Mary Bishop. He also leaves to mourn his loss two little grandsons Robert and William Meyer, his aged parents, Mr. and Mrs. Jas. Gray, four brothers William, Andy, Vincent and Cary Gray and three sisters, Mrs. J. G. Harmah, Mrs. Hugh Beaver and Mrs. Ora Stephens.

Besides a countless host of relatives and friends.

Three years ago a heart disease began to tell its story on his life and when on the morning of Feb. 19, he was stricken with pneumonia, his physical strength was not strong enough to battle with its adversities and after seven days of intense suffering he was snatched away from his loved ones into a world of peace.

The presence of his grandchildren was a constant joy to him, the confidence he placed in his daughters was a source of satisfaction; the pleasures he derived from the many visits to the home of aged parents, and the aged parents, and the loving care of his faithful companion gave him daily happiness and it seems there was nothing could have filled his last days with more quiet enjoyment.

Exceedingly patient to the last he planned for his going away in the calmest manner and his crossing of life was much as the poet puts it in these beautiful lines.

"Sunset and evening star
And one clear call for me!
And may there be no moaning of the bar
When I put out to sea;

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that, the dark,
And may there be no sadness of farewell
When I embark;

For, the from out our borne of Time and Place,
The flood may bear me far,
I hope to see my Pilot face to face.
When I have crossed the bar."

NEW FACTORY ASSURED FOR RUSHVILLE NOW

Continued from Page 1.

go elsewhere for it."

Mr. Falk also said that a good printing establishment such as the Republican company is was an asset to any town which wants to attract factories because it fills one of the needs of the average business. He said there was no reason why more factories should not come to Rushville without any great effort on the part of Rushville.

The positive assurance that the Modern Appliance company will be located here marks the end of a very brief campaign to bring this particular factory here. There has been some agitation for several months headed by John Crowley, to stir up Rushville industrially and that it has succeeded is everywhere admitted.

The prospects of the Modern Appliance company are great and those who have assisted in bringing the institution to Rushville feel that will be the beginning of a new industrial awakening in Rushville. Definite plans as to what will be done in regard to the location of the factory, whether a new building will be erected or an old one remodeled, and other details may be arranged by tomorrow.

WEATHER FOR WEEK

Washington, April 9.—Unsettled conditions with rains are indicated for the beginning of the week, followed by fair weather until about Thursday or Friday, when rains are again probable. The first part of the week will be cool, but a little warmer after Thursday.

EASTER PARADE IS "NIPPED IN THE BUD"

Blizzard Causes All Preparation for "Big Show" to Come to Naught—Snow Falls All Day.

SPECIAL SERVICES HELD

The Easter parade was "nipped in the bud" yesterday by a blizzard that made Easter look more like Christmas than the eighth day of April. Those who ventured forth in their Easter togs will live to rue the act because a chill east wind bore in a snowstorm that did credit to anything that winter offered.

Regardless of the weather, the Easter programs at all of the churches were carried out. Not a Sunday school or church service in the whole city was without its Easter music. The most pretentious of the lot was a Vesper service at the First Presbyterian church Sunday afternoon from four to five o'clock, in which the leading musicians of all churches had a part.

The Knights Templar observed their annual custom of appearing in dress uniform. They marched to St. Paul's M. E. church in a body and heard a sermon by the Rev. W. M. Whitsitt.

NAME OFFICIALS FOR ROAD BUILDING

County Commissioners Appoint William Bainbridge Superintendent of Capp Highway.

NAME MANY SETS OF VIEWERS

Considerable road business was transacted Saturday afternoon by the county commissioners. William Bainbridge was appointed superintendent for the Frank M. Capp road and filed his bond. Charles Addison was appointed superintendent for the Addison road in Ripley township.

Several sets of viewers were appointed. Thomas A. Jones and Edson L. Aiken were named viewers for the Robert Holt road; Monet O. Sefton and George Myers, viewers for the Chester Gross road; and S. B. Anderson and Edward O. George, viewers for the T. L. Behr road. County Surveyor Catt was named as engineer for all of the roads. Emory J. Power was appointed superintendent of the L. M. Carr road.

WIFE THROWS LYE IN HUSBAND'S FACE

Orville Bartlett May Lose Sight of Right Eye as Result of Domestic Trouble

HIS FACE IS SLIGHTLY BURNED

Orville Bartlett may lose the sight of his right eye as a result of domestic trouble occurring at his home in North Oliver street late Saturday afternoon, ending by his wife throwing a can of concentrated lye in his face, some of the lye lodging in his eye. His face was slightly burned but the most serious injury resulted to the eye. Some of the lye got in his eye and it may be some time before it is determined whether he will lose the sight. Bartlett and his wife had quarreled and he was putting on his coat preparing to leave the house. His face was turned to one side, which probably saved the other eye. The injury was quite painful and may yet result seriously.

PHYSICIAN ON TRIAL

St. Wayne, Ind., April 9.—Dr. John W. McCansland went on trial here today on the charge of having performed a criminal operation on Ida Lawson. The case, which has been hanging fire since last summer, has aroused considerable interest as the physician is well known. The girl is in a dying statement, accused the physician. This is the second time McCansland has stood trial on the charge of having been acquitted.

STOPS MOVEMENT TO GET FARM LABORERS

Canadian Government Agent, Who Was Here, Ceases Work Because of War Being Declared

HIGH WAGES WERE OFFERED

J. M. McLachlan, an agent of the Canadian government who was here trying to get farm hands to move to Canada, with offers of big wages, has notified the United States district attorney for Indiana, L. Ert Slack, that he will make no further efforts to enlist men for work on the farms of western Canada since this country is at war with Germany.

McLachlan had arranged meetings in all of the principal towns and cities in Indiana and there was every reason to believe that he would have taken many men of military age out of the United States. The Canadian government offered farm laborers from forty to fifty-five dollars a month and promised to provide board for a man and his family up to four free of charge. Furthermore, the government was willing to sign a contract that the laborer should have a tract of 160 acres at the end of a period of years if the man remained on the place. Several here were known to be on the verge of accepting the offer. A meeting had been arranged for the court house assembly room tomorrow but it was called off.

TWO GERMANS HELD

Denver, Colo., April 9.—Two Germans, giving their names as Carl Burke and Charles Nelson, were arrested following the discovery of what is believed to be a plot of wholesale dynamiting campaign, including the blowing up of the homes of Governor Genney, Adjutant General Baldwin, Police Chief and three school buildings.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!
Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

HOME CRAFT WEEK

Home craft week is not a local affair--It has nation wide observance. Home lovers from end to end of this country recognize this as home craft week.

Have you a room you want to redrapery?

Then call at our Drapery department and note the splendid things we are offering in

Quaker Craft Lace

One big feature of our Home Craft Week is in practical suggestions for the use of Quaker Laces at your windows—the modern style demand. Our store windows show the latest materials and our Drapery Department displays a splendid range of decorative fabrics at prices to interest everyone.

Now Is The Time To Buy Rugs

All rugs and carpet mills are wholly dependent on foreign markets for the materials that enter into their products and owing to the condition which Germany has forced upon us, all manufacturers will be obliged to increase their prices still higher.

We ask you in justice to yourself to profit by your knowledge and take advantage of the present prices and provide yourself with all the rugs and carpets you need before the prices go still higher.

Use Kirsch Flat Rods

Your windows will be the envy of your neighbors if you use Quaker Lace Curtains draped on Kirsch Flat Rods. Kirsch rods are guaranteed not to sag or tarnish. They are made in any color to match your woodwork or draperies.

It is easy to have attractive window with Kirsch Rods

STOLEN AUTOMOBILE LEFT IN STREET HERE

The open season for stealing automobiles apparently has arrived. Three machines were reported stolen to the police Saturday night and one of the machines was found here.

The machine found here belonged to William Steele, a Fayette county farmer. The machine was found abandoned near the Windsor hotel, in South Morgan street. The machine was left there late Saturday night and when it was still there this morning Glen Miller began an investigation and found that it belonged in Connersville, as the man's groceries were in the car. Steele was expected here this afternoon to claim the machine. It was a Ford.

The police at Newcastle and Richmond reported stolen machines, but no trace of the cars was found.

Going It Too Hard?

Overwork, worry, overeating and lack of exercise and sleep are responsible for much kidney trouble. If your back aches and the kidneys seem weak, rest up and use Doan's Kidney Pills.
Frank McFarland, 830 W. Tenth street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad off that I could hardly be about. My back was in terrible shape. It ached so severely especially at night, that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were so frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-McBurr Co., Props., Buffalo, N. Y.

Be Loyal Always.

Now that we have taken the plunge, there is but one thing for a loyal citizen of this country to do—stand firmly by his country, whether it be native or adopted. The man who does otherwise is not true either to himself or to the land that shelters, feeds and clothes him.

There were many who honestly thought we should not go to war with Germany. But the great majority of American people thought otherwise. So did the president, and the congress.

Each was clearly entitled to his individual opinion until such time as the matter was definitely settled one way or the other.

But with war actually in existence, with our armies hurrying into the field, with our navy making preparations to sweep the seas, with our young men rushing to the colors, there can be but one path for us to tread—absolute loyalty to our country.

Whatever our beliefs may have been in the past, our country now is at war; and we must support it with our every drop of blood and our every dollar of wealth.

Those who think it will be simply a bluff at war—merely the assembling of an army that will drill for a few months and then go home—will be woefully mistaken.

The United States has been both loath and slow to draw the sword, but once drawn it will never be sheathed until victory is complete and our enemy is no longer able to do us harm.

Show the Flag.

How many American flags are floating to the breeze in this town? There should be more. They should be shown in every home. They should float from every building. They should be in evidence everywhere. It is not seemly that we go

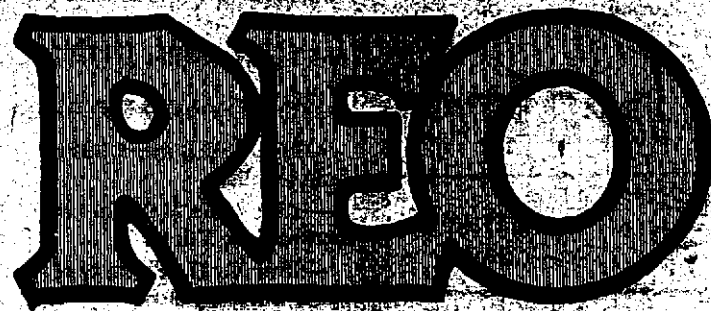

GREENFIELD CASE
IN COURT TODAY

Jury Hears Suit of Greenfield Wood
Turning Company Against Green-
field Banking Co.

IVA GARD GRANTED DIVORCE

The case of the Greenfield Wood Turning company against the Greenfield Banking company, sent here on a change of venue from Hancock county was tried in the circuit court today before a jury. The suit is for money had and received, the demand being \$400. There was very little interest locally in the case and no difficulty was had in securing a jury. It was expected the case would reach the jury late today.

Judge Sparks heard his third divorce suit of the day late Saturday afternoon when the case of Iva Gard against Ralph Gard was tried. Mrs. Gard was granted a divorce from Gard on the ground of desertion.

Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly treated serum obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

F. E. Wolcott, Nyals Druggist

\$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests the name that the judges select as the one best suited for our new remedy, the wonder tonic tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 1, 1917.

Mail all suggestions to the Board of Judges, Care of The Standard Remedy Co., 1234 North Third St., Cincinnati, Ohio.

CROP COMMITTEE WILL MEET NEXT SATURDAY

Continued from Page 1.

Whereas a state of war exists between United States and the imperial German Government, and

Whereas, the world has a shortage of food products and Whereas the food products will play an important part in the determination of the present world war. Now Therefore be it resolved, by the producers of food of Rush County.

1st. That it is the duty of all producers to produce as much food during the year 1917 as possible, and it is the sense of this meeting that waste places in Rush County be cultivated and that this county shall during the present year produce more hogs, cattle, sheep, corn, wheat, oats and vegetables than it has ever done heretofore.

2nd. That it is the duty of all citizens of the County to assist in the cultivation of all crops and to care for all stock that it is possible to care for during said year, and to this end we recommend that the farmers of this County co-operate with his neighbors in order that the corn and oats crop may be put in in good time and condition and with proper cultivation of the corn throughout the season.

3rd. That the boys and men in the county, not in military service and not otherwise profitably employed should be urged to assist in the producing of the crops during this season.

4th. That the people in the towns and cities of the County be urged to cultivate all vacant lots.

5th. That all farmers, bankers, grain men, dairy men and truck men be urged to co-operate with one another and assist one another in producing food stuffs for the year 1917, not only for the remuneration they may receive, but for the benefit of the state and nation, in order that the world's war may be speedily terminated.

6th. That the people of Rush County owe it to themselves and to the country to pursue a policy of economy and not waste any food stuffs or any material that can be used in the manufacturing of munitions or other necessities.

7th. That the people of Rush County feel that the question of food conservation should be considered by committees in charge so that materials produced and raised in the cities and farms can be utilized to the best possible advantage.

8th. That to crystallize the work of Rush County in accordance with the preceding resolutions, that a county wide organization should be completed which will consist of township committee-men who will organize in each township committees on corn and wheat production, hog production, vegetable production, potato production and any other communities that the executive committee may deem necessary. The township chairman to be appointed by the chairman of this meeting. And further that the executive committee, consisting of five members be appointed by the chairman of this meeting to aid and assist the township committees.

ENLIST IN THE GARDEN WILL BE THE NEXT CALL

Continued from Page 1.

unteer service in food production. He proposes to make it as much a part of the war call for sacrifice and patriotism on the men in the state above the age that will be first called to the colors, as is the call for men to shoulder rifles or to man the big guns.

The plans, as they are beginning to evolve in the governor's mind, contemplate a military organization. If this work is taken up, General Smith probably will be called on to appoint a man to be "general in charge of agricultural mobilization," as one of his chief officers, and recruiting offices will be opened in cities and towns just the same as the recruiting offices for full military service. The mobilization may include all the Purdue professors and other men trained in agricultural production whose positions may become similar to that of colonels, majors and captains in charge of regiments.

The term of service to be called for has not been fully worked out, but the number will be called on to produce in the time to come a food production and distribution system that will be a model for the world.

so many hours a week—for Saturday, Wednesday or any other definite afternoons, or for Sunday work. The service probably will be quite as binding on him as for military service. He probably will pledge himself, not only for work on "mobilized land" but for harvest service wherever ordered.

The governor has been running his eye over the maps of Indianapolis, Evansville, Ft. Wayne, Anderson, Brazil and other towns and cities in the state, even to his own typical smaller county seat town. He finds that there are great areas of land that are not in production—that have not been in production for years. This land is represented in unsuccessful additions, and in places left vacant by absentee landlords, or otherwise lying vacant.

He is confident that the estimate that there are 2,000 acres of such land is not low. There are some tracts of large dimensions, running up even to 300 acres in and immediately around Indianapolis. Spring rains which flood some vacant land soon will be passed, and that land will be available for the later crops and the crops that are put in as the season advances.

The farmers of the state need have no fear that such an effort on the part of cities will cut in on their legitimate profits. All the productive world, it seems now, will be at war before the crop season is over and prices will be soaring. Even if war did not exist the situation is such that such steps would probably have been necessary this year.

As to distribution—that will be a matter to be taken up later, and the middleman, commission man and others who have been under more or less strained relations with the public, will be called on then to help shape that policy and give their best services to public welfare.

SENTIMENT AGAINST GERMANS

(By United Press.)

Rio de Janeiro, April 9.—The Brazilian government has requisitioned for government use the entire fleet of a navigation company, together with all their docks. The German and Austrian legations were put under guard. Public excitement is at a high pitch against Germany and apparently favors Brazilian alignment with the United States.

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEP-SINCO.

For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain. She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste-coated tongue and feeling of dizziness. The sight of the odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.

This lady read, as you are doing, of Pepsinco. She heard of Pepsinco. Her friends used Pepsinco and were helped, but she thought Pepsinco was like other stomach remedies, helpful in mild cases only.

She was finally prevailed on to get a small package of Pepsinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.

In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pepsinco is the best preparation to be had for indigestion and kindred ailments.

Pepsinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pepsinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or we will send it to you free of charge. If you will send your name to The Home Pharmacy Company, we will send you a small package of Pepsinco.

The man with money knows that one dollar at a time will build a fortune; one stick at a time makes a cord.

You've often heard about that man who "said nothing and sawed wood." He didn't expect to saw a whole cord at once.

He didn't expect to make a whole fortune at once. But he began a little deposit in the bank and piled up a fortune almost before he knew it.

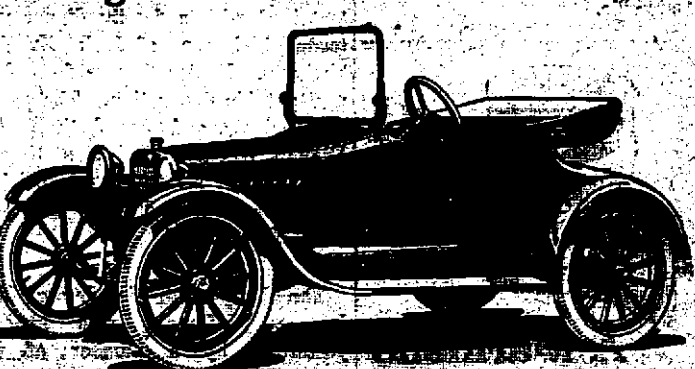

Look at the men today who said nothing and "sawed wood" a few years ago.

John D. Rockefeller was one of them. You can do the same.

PUT YOUR money in OUR bank.
We pay 3 per cent interest on time deposits.

234 Main St. Phone 1959

The Sorosis club meeting has been postponed until next Tuesday afternoon when it will be held with Mrs. Florence Elliot.

Mr. and Mrs. Walter Pearce and daughter, Ruth, were the guest of Mr. and Mrs. Clara Bebout yesterday.

In honor of her birthday, Mrs. Robert Cheek entertained at dinner Sunday, at her home in East Sixth street, Mr. and Mrs. Will Lockridge and son Rollan of Newcastle, Mrs. Rebecca Lockridge of Greensburg, and Byron Wainwright of this city.

Mr. and Mrs. Earl Winship, living south of the city, delightfully entertained at dinner yesterday, Mr. and Mrs. D. D. Dragoo, Mr. and Mrs. George Suess, and the Misses Leah Oneal and Fern Finley. A large bowl of jonquils adorned the center of the table, and Easter decorations added to the beauty of the home.

Mr. and Mrs. Thomas Ertle entertained at Easter dinner yesterday at their home in Union township; Mr. and Mrs. W. B. McDaniel, Mr. and Mrs. George H. Myer, Mr. and Mrs. James L. Hays and Mr. and Mrs. William H. McMillin. Easter lilies were used for table decorations.

Mr. and Mrs. William Knecht entertained with a family dinner yesterday in honor of Jack Knecht's birthday. Easter flowers formed a pretty table decoration. The guests included Mr. and Mrs. Jack Knecht, Francis Knecht, Lawrence Knecht, Miss Mayme Kuntz, Fred Strickler of Connersville and Mr. and Mrs. John Knecht.

The thirty-ninth birthday of Mrs. Lenora McDonald was honored yesterday by a number of her friends, when they gathered at her home in West Jennings street, for a social time. Those present were: Mr. and Mrs. Lewis Pate, Miss Kathleen Joyce, Mr. and Mrs. Henry Hokey of Laurel, Mr. and Mrs. Charles Bever and family of near Clarksburg, Mr. and Mrs. Edward Pate and son Berlin of Milroy, Mrs. William Grinstead and children, Cecil and Virgil of New Salem, Guy Perkins and Carmel McKinney. The table was centered with a large bowl of ferns and carnations.

Social Calendar

Tuesday

Research club of Milroy with Mrs. Leroy Lines.

B. N. Club with Miss Mayme Kuntz, 1122 North Main street.

Shakespeare club, in the public library in the court house, in the evening.

Immaculata Sodality with Miss Helen Black, 533 North Jackson street.

Supper for Edward Frazee class, at 6:30 in the basement of the Christian church.

Ladies Aid society of the Christian church in the parlors of the church, in afternoon.

U. P. Aid society of the U. P. church with Mrs. Kennard, 315 West Second street, in the afternoon.

Methodist Aid society with Mrs. Charles Hugo, 1004 North Morgan street, assisted by Mrs. Arthur Yakey, in afternoon.

Social Committees and officers of the Loyal Daughters Class and Young Men's Circle of the Christian church with Miss Ella Wilson, 210 East Second street, at 7:30.

Mr. and Mrs. Douglas Morris and family had as dinner guests yesterday, Mr. and Mrs. A. L. Gary and Mr. and Mrs. Harvey Allen and family.

Mr. and Mrs. Claude Smith and daughter, Jean Frances, and Miss Hazel Matlock were delightfully entertained at dinner yesterday by Mr. and Mrs. Bert Ormes at their home in East Third street.

Mr. and Mrs. Glen Foster entertained, Mr. and Mrs. Robert Foster and sons Park and Russell of Greensburg, at dinner yesterday. Easter decorations were used on the table.

Do You Remember?

at a Recital

Given at the United Presbyterian Church Last February 13th when HELEN CLARK and HERMAN SEVELY demonstrated to the audience the close comparison of the NEW EDISON PHONOGRAPH'S reproduction of their splendid music

It was such a comparison that scarcely anyone in the large audience could tell the exact Human Voice or the Strains of Music from the Cello compared with the EDISON reproduction.

That was the ACID TEST

Which no other instrument dare attempt.

LET US PUT ONE OF THESE INSTRUMENTS IN YOUR HOME

Call at Our Store And See For Yourself

Hargrove and Mullin

A delightful time was enjoyed by Mrs. George F. Condon of Boston, Mass., Mrs. Gilbert Meredith of Miami, Fla., Mr. and Mrs. Elsie Hilligoss and daughter Lavonne, Mr. and Mrs. Cass Johnson and family and Claude Hilligoss, yesterday when they were entertained by Mr. and Mrs. Dora Hilligoss, at their home southwest of the city. A splendid three course dinner was served.

Miss Ollie Parrish entertained with an Easter dinner yesterday at her home in North Harrison street, Mr. and Mrs. Hubert Innis and daughter, Esther, of Milroy and Mr. and Mrs. Jake Parrish and son, Paul. Easter decorations predominated throughout the house.

Mr. and Mrs. B. A. Black entertained last evening with a well appointed six o'clock dinner Mr. and Mrs. John McCoy, Mrs. Eva Cressinger, Thomas Saunders, Mrs. Elva Osborne and daughter, Helen, Mr. and Mrs. William Brown, Mr. and Mrs. Charles Caron and daughter, Kathryn, Miss Mary Ellen Carroll, Mr. and Mrs. Will Carroll and daughter Betty, of Plymouth and Thomas Cooning, of Springfield, Ill. The table was decorated with jonquils and Easter favors were given the guests.

A quiet wedding took place Saturday night, when Miss Grace Smyth, daughter of Mr. and Mrs. Charles G. Smyth, and Forrest R. Glidewell, formerly of Milroy were married. The wedding took place at the M. E. parsonage. After the ceremony the wedding party returned to the home of the bride in North Arthur street, where a shower was arranged for the couple. Many beautiful and useful gifts were given them.

Mr. Glidewell is superintendent of the Bell Telephone Co., in Fort Wayne and the couple will make their future home in that city.

CHARLES PHILLIPS OUT ON \$1,000 BOND

Charles Phillips of Arlington was arrested this afternoon on a serious charge filed by Daniel W. Corya, also of Arlington. Phillips was released under \$1,000 bond. The charge against Phillips is the unlawful growth of some trouble between the two men not long ago which first resulted in Phillips having Corya arrested for drawing a deadly weapon.

of a shot gun. At the time Corya was arrested he stated that there was another side of the case and at that time threatened to have Phillips arrested. The affidavit was filed Saturday afternoon and the arrest made today.

Miss Mary Broadbeck of Los Angeles, Cal., and Robert Murphy of Anderson, both students in Illinois university, visited friends here Saturday afternoon and evening. They motored here and back to Anderson where they are spending the vacation.

Miss Frances Neutzenhelzer went to Richmond last night for a two weeks' visit with Mr. and Mrs. Jack Stonecipher, formerly of this city.

IF KIDNEYS ACT • BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate sluggish kidneys; also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life-saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful after-dinner drink.

Stunning Suits Correctly Fashioned

Our suit Department last week was the mecca for discriminating garment buyers. The showing is very complete, embracing a splendid range of fabrics and colors, and we are excellently equipped to fit any style of figure. In our selections we have not sacrificed any of our usual requirements in material and workmanship in order to gain a price, so that in your purchases you are assured a garment well worth the purchase price. There are no better garments made than WOOLTEX. It will be our pleasure to show you.

Coats

Fashioned of all spring's brightest shades along youthful lines, our coats in scores of bewitching models are sure to attract you. Upwards from \$5.00.

Children's Coats

Scores of coats for the miss from 2 to 16 years of age. They possess a style similar to ladies' coats.

Silk Dresses

No two alike, of charmeuse, taffeta, georgette, crepe de chene, tussah, shantung. When you see these beautiful dresses you will understand why it is economy to buy your dress ready made.

Corsets

Before securing any of your spring attire be fitted correctly in a Gossard, W. B. or Kabo. Make your engagement with Mrs. Weeks by telephone.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

XI. Onions in the Home Garden.

Onions, like potatoes, are a staple crop that is grown commercially on a very extensive scale. The home gardener, however, may like to have a few early homegrown onions for his table or, if space permits, he may wish to grow enough of later varieties for last his family through the winter. The onion will thrive under a wide range of climatic and soil conditions, but a rich sandy loam containing plenty of humus is best suited to it. As the crop requires shallow cultivation and it may be necessary to resort to hand work in order to keep it free from weeds, it is very desirable that the land should be in such condition that it is easily worked. As a general rule, it is well to have the crop follow some other one that has been kept under the hoe and free from weeds the previous season.

In the North, seed is sown as early in the spring as the soil can be brought to the proper condition. In the South, onion sets are frequently put out in the autumn and carried through the winter with the protection of a little hay or straw. There are three methods of propagating onions; the first, by sowing the seed in rows where the crop is to grow; second, by sowing the seed in specially prepared beds and transplanting the seedlings to the open ground; the third, by planting sets which have been kept through the winter. The first method is used by large commercial growers on account of the amount of labor involved in the other two. On small areas, however, it may be preferable to plant sets. Under normal conditions these may usually be obtained at planting time for about \$2.50 a bushel, 8 or 9 bushels required to plant an acre. Onions planted from sets will ripen earlier than those from seed sown in the fields. When the transplanting method is used, the seed is sown in greenhouses, hotbeds, cold frames or specially prepared beds at the rate of 3 1/2 to 4 pounds for each acre to be planted. The seedlings

are transplanted when they are somewhat smaller than a lead pencil and rather stocky. The root end of the seedling is pushed into the soil with one finger and the soil is then firmed about the plant.

The seed is sown thickly in drills about 12 to 14 inches apart. After the plants become established, they are thinned to 2 or 3 inches apart. The maturity of the bulbs may be hastened by preventing the continued growth of the tops. This is sometimes accomplished by rolling an empty barrel over the rows and breaking down the tops. After these are practically dead, the onion bulbs may be pulled up by hand from the soil and spread in a dry, well-ventilated place to cure. Thereafter they may be stored in crates or bags for winter use. In the North, the crop ripens and is harvested during the latter part of the summer and early autumn. In the Southern States where the crop is grown during the winter, the harvesting and marketing period takes place during the spring months.

There are several kinds of onions that may remain in the soil over winter. The multiplier, or potato onion, for example, can be planted from sets in the autumn and will produce excellent green early onions. A large onion of this type contains a number of distinct hearts and, if planted, will produce a number of small onions. On the other hand, a small onion contains but one heart and will produce a large onion. A few of the large ones may be planted each year to produce sets for the following year's planting.

The shallot is a variety of small onion that is frequently planted in early spring for its small bulbs, or "cloves," which are used in the same manner as onions. The leaves are utilized for flavoring. Another onion-like plant is the chive, the small round hollow leaves of which are used for flavoring soups. These leaves may be cut freely, as they are soon replaced by others.

MSR. ANNA STUTTLE DIES SUNDAY NIGHT

Widow of William Stuttle Expires in Andersonville Sunday Night at 11:30

SURVIVED BY TWO SONS

Mrs. Anna Stuttle, 49 years old, a well known resident of Spiceland, died Sunday night at 11:30 o'clock, at the home of her son Ben Stuttle of Andersonville, following a two weeks' illness from rheumatism. While Mrs. Stuttle had been ill her condition was not considered critical and her death came as a shock to a large circle of friends. Mrs. Stuttle was the widow of the late William Stuttle, who died two years ago.

She is survived by two sons, Dorie Stuttle and Ben Stuttle. The funeral services will be conducted at the St. Paul's Methodist church in this city Tuesday afternoon at two o'clock by the Rev. W. M. Whitsitt and burial will take place in East Hill cemetery.

STUDENTS DRILL

Terre Haute, Ind., April 9.—Two hundred students at Rose Polytechnic institute today started drilling on the athletic field in preparation for joining the colors. The students will be called the Rose Poly cadets. Officers for the new company were selected at competitive drills on Saturday. It is probable that most of the boys attending Rose Poly will enlist.

The Band of Workers of the Great

Methodist church will serve a communion service Tuesday night, April 10th, 8 o'clock, at the church.

Diet, Exercise or Death!

An eminent medical authority writes that most of our city folk die of a thickening of the arteries or of kidney disease. "The kidneys become clogged and do not filter the poisons from the blood, and one trouble follows another, high blood pressure damages the heart, arteries and kidneys. Usually its danger signals are backache, pain here or there, swollen feet or ankles, rheumatic twinges or spots appearing before the eyes."

"The very best remedy is this: Eat meat but once a day or not at all. Plenty of outdoor exercise, and drink pure water frequently. Before meals take a little Anuric, the great uric acid neutralizer, that is easily obtained at the drug store. When you have dizziness, chills or sweating, worry, or dragging pains in back, try this wonderful remedy to uric acid, which Dr. Pierce of Buffalo, N. Y., discovered and named Anuric. Anuric, more potent than lithia, dissolves uric acid as hot water does sugar."

YOUNG GIRLS JUST COMING INTO WOMANHOOD.

Bunker Hill, Ind.—"My mother gave me Dr. Pierce's Favorite Prescription when I was a young girl developing. I think it laid the foundation for my present healthy womanhood and I would never hesitate to recommend it to young girls at this very critical stage of life."—Miss Dossie Webb.

Jeffersonville, Ind.—"I have been troubled with woman's trouble for two years and after taking Dr. Pierce's Favorite Prescription I felt much better. I gladly recommend this medicine. I have told many of my friends about it and what it did for me."—Mrs. Lydia Summerville, Route 1.

All druggists. Liquid or tablets.

OFFER SERVICES

TO HIS COUNTRY

T. M. Offutt Writes Senator Watson That he Would Like to be of Some Help During War

RED CROSS IF NOTHING ELSE

T. M. Offutt has written the following letter to Senator James E. Watson offering his services to the country:

Dear Jim:—I write you as a personal friend and make this earnest appeal to you, that you will assist me in getting in somewhere to be of service to my country. I came from a family of soldiers. I had three brothers to enlist in '61 and all went through the war. Jim I want to go and my age prevents my enlisting; won't you help me to get in in some capacity?

I want to show my appreciations of the liberties of this the PEER of all NATIONS. (AMERICA.)

Now Jim, I am alone in the world, and have no one that would be dependent on me, and I will consider it the highest honor that this country could bestow, upon me to send me in defense of MY FLAG, and MY COUNTRY.

If no other place help me get in the Red Cross, any place they want to send me.

Now Jim, if you will assist me in this I shall owe you a debt of gratitude as lasting as life.

May I at least hear from you.

Very truly Yours,

T. M. OFFUTT.

PREPAREDNESS IS STATE WATCHWORD

Reports Reaching Governor's Office Are That Meetings Were Held in Many Counties

ALL URGED CO-OPERATION

(By United Press.)

Indianapolis, Ind., April 9.—Indiana's agricultural preparedness steps, inaugurated by Gov. Goodrich were being taken in every section of the state today. City residents, as well as farmers, in every county, were being urged to do everything possible to increase this country's food supply by using all available land and by taking additional care to raise large crops, by intensive farming on that land under cultivation. Housekeepers were being urged to conserve the food supplies wherever possible and eliminate all waste.

Reports reaching the governor's office today from the meetings held in practically every county in the state, showed that the gatherings were successful and that farmers were ready to give their service to aid their country the "same as the boys who signed the enlistment roll."

Meetings, as suggested by the governor, went into the question of farm labor; procuring of good seed; the increased planting of vegetables, corn, milk and the breeding of more and better cattle and hogs.

Educational campaigns will undoubtedly be conducted in every community of the state urging every family to raise gardens and plant every foot of available garden space.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! Ouch! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freestone when applied to a tender, itching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freestone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freestone will cost very little at any drug store, but is sufficient to remove every hard or sore corn or callus from one's feet. Millions of Americans will welcome this simple remedy since the inauguration of the new government.

FUNERAL OF MILROY MAN HERE TOMORROW

Tim Laughlin Dies of Liver Disease at Age of 63 Years—Five Brothers and Three Sisters.

BORN AND LIVED NEAR MILROY

The funeral services of Tim Laughlin, age sixty-three years, who died at his home in Milroy Saturday afternoon, will be held at the Catholic church here tomorrow morning at nine o'clock and burial will take place in the Catholic cemetery. A disease of the liver was the cause of his death.

Mr. Laughlin was a son of the late John Laughlin and lived all of his life in and near Milroy. He moved to Milroy from Richland township five years ago and had been living with his sister, Miss Margaret Laughlin. He was never married.

He is survived by three sisters and five brothers as follows: Jerry, Dennis and P. O. Laughlin of Elwood, Dan Laughlin of Glenwood, Ed Laughlin of Paimouth, Mrs. Ed Crosby of this city, Mrs. Martha Gould of Buffalo, N. Y., and Miss Margaret Laughlin. He also had one other brother, James Laughlin, the oldest of a family of ten, who died twenty years ago.

TODAY'S HOOSIER ODDITY

Indianapolis, Ind., April 9.—Potatoes will be planted in Riverside park this year as a result of the campaign to use every available acre for food production. Five acres of potatoes will be planted.

Terre Haute.—The south side of Terre Haute looked like a battle field when the police, finished with their spring drive against stray dogs. No pound is provided in the city and only one very small pound is located on the south side.

AVERAGE EACH DAY SHOULD BE \$8,542

This Sum Will Have to be Paid Every 24 Hours for Spring Installment to be Collected

ALL URGED TO PAY BY MAIL

With twenty-five days remaining to pay the spring installment of taxes, an average of \$8,542 will have to be paid in every day from now until the first Monday in May if all tax on the duplicate is collected. The duplicate shows a total of \$205,000 to be collected this installment.

The treasurer's office, as in the past, is urging all people with complicated taxes to get into the office early and avoid the rush. The usual warning is also issued to people living in Rushville not to come to the treasurer's office on Saturdays, but to give this day to the farmers. A description of the property with a blank check for the treasurer to fill in the amount, will bring the tax receipt by mail, making it unnecessary even to go to the office to pay the taxes.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow, complexion pallid, tongue coated, appetite poor, you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.
To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.
Dr. Edwards' Olive Tablets act on the liver and bowels, like a magnet, yet have no dangerous after effects.
They start the life and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. They are the only safe laxative.

When you meet Corona face to face—you know you've found the writing machine for your private needs.
